

Dear Steve:

On behalf of everyone who attended GMA's Workplace Workshop on May 24th, thank you for bringing your refreshing perspective on life to our group. You not only made our audience laugh but also sent them back to their companies with a fresh outlook on their work and their lives. Your style was engrossing, passionate and sincere. Our audience gave your presentation countless "ten" ratings on our post-event evaluation. Comments included:

- "I would attend any seminar by Steve Gilliland—it was an affirming experience."
- "The seminar opened my eyes and refocused my life."
- "My only complaint was that the event was too short. I enjoyed the seminar and didn't want it to end!"

You were a pleasure to work with, and we truly appreciate the research you put in to customizing your presentation for our large and diverse group. I would highly recommend you to any organization seeking a speaker who can motivate, inspire, and teach their group.

Thanks again for a truly enjoyable experience!

Sincerely,

Michelle Bolick
Director of Operations / Special Events
