Steve Gilliland

Dear Mr. Gilliland,

As the keynote speaker for the Opening General Session of the 2006 Texas Elementary Principals and Supervisors Association Summer Conference, I have four words for you . . . You were just awesome! As I'm sure you could tell from the warm reception and standing ovation you received from our audience of over 1,500 elementary administrators, your message and practical insights on how to find joy in all of life's adventures was inspiring.

As the Chief Learning Officer for TEPSA, I continually strive to find speakers who have the ability to inspire and encourage our members by powerfully delivering a message that is both professionally and personally meaningful. Your presentation definitely fit the bill and earned you an A+! I wish you continued success in all your endeavors.

Warmest regards,

Trae Kendrick, Ed.D.
